

## THE CZAR IS NOW A GUEST OF FRANCE

### RUSSIA'S RULER ARRIVES AT CHERBOURG.

**Rain Mars the Effect of the Decorations In His Honor—Warships Escort the Imperial Party into the French Harbor—it Was An Imposing Scene.**

Cherbourg, Oct. 6.—The Russian royal party are now the guests of the French republic, arriving Monday, after a stormy passage from England. Sunday night a storm broke over the city, causing considerable damage and ruining the elaborate decorations prepared in honor of the czar's visit.

In the morning, however, hundreds of men were set to work repairing the damage, and every possible effort was directed toward having the arsenal, the landing stage and the approaches made bright with fresh decorations for the coming of the czar and czarina.

The French northern squadron, consisting of twenty-one vessels, and including the Charles Martel, first-class battle-ship; the Hoche, battle-ship, with Vice Admiral Regnaud de Premesnil on board; the Jean Bart, Descartes, Jemmapes, and fifteen cruisers and torpedo boats left the harbor at 8 o'clock in single file, to welcome the czar.

### FIRE LOSS AT DETROIT, MICH.

**Old Free Press Building Is Burned and Firms Lose Heavily.**

Detroit, Mich., Oct. 6.—The five-story building at the corner of Larned and Shelby streets formerly occupied by the Free Press, was completely gutted by fire Monday. It was occupied by a number of job printing, bookbinding and stereotyping firms. The occupants were the job-printing departments of the Free Press company, which occupied the first three floors; the Habbin type foundry and the Cliff & Higgins bookbindery. The fire was caused by a small explosion of a lighted gas stove in an electrolyzing room on the fourth floor, the flames communicating thence with some paraffine and spreading amazingly. The total loss is estimated at \$90,000, with insurance about half. The Free Press company's loss is \$60,000; insurance, \$35,000. Several other artificial companies will sustain considerable loss.

### AFTER MORE TRIBUTE.

**Coal Trust Puts Additional Burden Upon the People.**

Chicago, Oct. 6.—Hard coal may be \$8 or \$9 a ton before the winter is over. And should the anthracite coal trust really decide that it needs the money, then will the dear public be obliged to pay \$10 a ton for its winter fuel.

Beyond this figure it is hardly possible that even the despotic coal trust will dare to experiment with public patience, at least not for a year or so; that is to say, until the public back has become sufficiently bent to the burden to warrant the risk of a dollar or two more added without including the proverbial "last straw." But for the present the public must perforce dance to the tune that the coal trust wishes to hear and must pay the piper into the bargain.

The anthracite coal trust is a law unto itself in the state of Illinois. It laughs at the statutes, jeers at the interstate commerce laws, derides the officers intrusted with the enforcement of the laws, and in reply to murmurs at its despotism boldly declares its demand for extra tribute from citizens as individuals and from the people through their public institutions. Hence the demand for \$7 a ton for coal today, with the insinuated threat that as the mercury falls the price of anthracite is almost certain to rise.

### Attempt at a Flying Switch.

Hazleton, Pa., Oct. 6.—While trying to make a flying switch near here a Lehigh Valley passenger train crashed into a locomotive on a siding, smashing in the end of the baggage car and disabling the passenger locomotive. All the passengers on the train were badly shaken up.

### Hurt at a Barn Raising.

Wooster, Ohio, Oct. 6.—While raising a barn on the farm of Daniel Wile, near West Canaan, the frame work broke just as the men put the roof timbers in position, letting the heavy mass of oak timbers fall upon twenty men engaged in the work. All received injuries, six of them having limbs broken.

### MINE SHAFT WRECKED.

**Strikers at Leadville Do Destructive Work to Property.**

Leadville, Colo., Oct. 6.—When the engineer of the Seneca mine arrived at his work Monday morning there greeted his eyes a scene that almost equals in destructiveness the attack on the Coronado. The galleys frame supporting the entire equipment of the shafting was destroyed and the machinery cast to the bottom of the shaft. In front of the hoister lay a can of lubricating oil of a highly inflammable character and the timbers leading to the interior of the workings were soaked thoroughly. Inside the building everything was wrecked. The Seneca shaft is in the Maid of Erin ground, the property of D. H. Moffatt, the leading spirit of the mine owners, who has taken the most active part in procuring the presence of troops.

The Maid of Erin mine is under guard and the outpost could easily step from thence into the station. The Seneca shaft is in the Maid of Erin ground, the property of D. H. Moffatt, the leading spirit of the mine owners, who has taken the most active part in procuring the presence of troops.

### Large Cotton Crop in Egypt.

Washington, Oct. 6.—Vice Consul General Washington, writing to the department of state from Cairo on the prospects of the cotton crop of Egypt, says that the present season's crop promises to surpass all previous years in quality. There are under cultivation this year 1,050,000 acres, as compared with 1,000,000 acres last year. Last year's crop amounted to 520,000,000 pounds, so that on the basis of area alone, a crop of 550,000,000 pounds is probable this year.

### Urges Security for Armenians.

London, Oct. 6.—Sir William Vernon Harcourt, the liberal leader in the house of commons, speaking at Ebbw Vale, expressed himself upon the Turkish question for the first time since the present conditions have developed. He called upon the government to grant security and protection to the Armenians. The Turkish government, he said, could never be reformed until it ceased to exist. But, he added, England could not act alone, because only a military occupation of Turkey would avail to protect the Armenians.

### Marshal Finley Murdered.

Morning Sun, Iowa, Oct. 6.—Marshal Finley was shot and killed Monday by a prisoner named McPherson, whom he was taking to jail. While on the way to the jail McPherson suddenly drew a revolver and fired twice, the wounds resulting in death. The murderer escaped.

Rotterdam, Oct. 6.—Ten minutes before the Netherlands line steamship Werkendam sailed for New York on Saturday last a carriage containing four men—Kearney and Haines, the Irish-American suspects, and two police officers in plain clothes—drove up to the dock, and the party boarded the steamer. Kearney and Haines were taken to a state-room, where they remained until the Werkendam left port. The two suspects were shipped under fresh aliases.

## MCKINLEY GETS A WELL EARNED REST BUT BRYAN STILL KEEPS UP THE PACE

### NO DELEGATION AT CANTON MONDAY.

**The Republican Nominee Puts In His Time Preparing Speeches—Union Generals in Missouri—Ex-President Harrison's Speech at Richmond, Va.—Republican News Notes.**

Canton, Ohio, Oct. 6.—The big delegation that was scheduled to come from far Missouri Monday failed to arrive. The nominee was left free to do as he pleased for one day. He devoted part of the time to reading and correspondence and part of it to making up new speeches. The work of the week in point of number of callers promises to be heavier for Maj. McKinley than any preceding one. The delegations to which he will give the most attention will be the ex-confederates of Virginia, to come Friday. They will be received by the local Grand Army posts and the Woman's Relief corps will assist in caring for them.

The First Voters' club of Canton, headed by a band, marched to the lawn unannounced last night. Attorney Thomas F. Turner made an introductory address, to which Maj. McKinley responded.

The indications are that the excursion from Baltimore to Canton will include between 300 and 400 persons. The excursion is under the auspices of the Grand Army club of Maryland, and will leave Baltimore at 6 o'clock Friday and arrive at Canton at 9 o'clock Saturday.

### UNION GENERALS IN MISSOURI.

**Open Carnival Week in Kansas City with Many Speeches.**

Kansas City, Mo., Oct. 6.—General Alger and his party of campaigning generals opened carnival week in Kansas City in a manner new to that event. After spending a quiet Sunday they arose early, and from 6:30 in the morning until they left at 3 o'clock in the afternoon for Leavenworth they spent the time speaking to enthusiastic crowds in different parts of the city. Early in the morning speeches were made at Armour's Swift's, Fowler's and Dold's, in the packing-house district. The biggest and most enthusiastic demonstration of the day took place in the business center of the city just after lunch, the generals congregating on an immense platform erected at 10th and Grand avenue for the carnival queen. Here each of the party made a speech.

It was after 2:30 when the last speech had been concluded, and a start for the depot was made. General Alger received a telegram from Major McKinley asking the party to visit Canton on its way east. The invitation will be accepted.

### SIX THOUSAND HEAR HARRISON.

**Ex-President Speaks at the Exposition Grounds in Richmond, Va.**

Richmond, Va., Oct. 6.—Ex-President Benjamin Harrison spoke here to about 6,000 persons Monday night. The meeting was held in the Auditorium building at the exposition grounds. City Chairman N. J. Young called the meeting to order, and introduced L. L. Lewis, republican nominee for congress, to preside. Judge Lewis made no speech, but in a few words presented Gen. Harrison. The speaker was in good voice. The rival applause for McKinley and Bryan interrupted him several times. There were a few disorderly persons present, and the police arrested some of those and took them out of the building. Once the lights were out and the building was in darkness for five minutes, during which Gen. Harrison suspended his remarks.

### Interrupt Bourke Cockran.

St. Louis, Mo., Oct. 6.—An immense crowd assembled at the Auditorium here Monday night to listen to W. Bourke Cockran speak upon the money question. So frequently was he interrupted, however, by the asking of questions, that the effect of his speech was almost spoiled. There appeared to be a prearranged plan on the part of the questioners, and there were at least 100 of them. On several occasions portions of the crowd took exceptions to certain assertions made by Mr. Cockran and became quite boisterous. The disorder increased as he progressed so that many persons left the hall. The officials of the "gold standard" democratic club, under whose auspices Mr. Cockran was brought here, are highly indignant over what they term the outrage.

### Flower to Take the Stump.

Chicago, Oct. 6.—Ex-Gov. Roswell P. Flower of New York will take the stump for the anti-silver democratic national ticket next week. He will make his first appearance as a stump speaker this campaign in Anderson, Ind., Oct. 14. He will speak in Marion, Ind., Oct. 15, Logansport Oct. 16 and Fort Wayne Oct. 17. The New Yorker will make three speeches in Illinois—Ottawa, Decatur and Rock Island. He will then go into Iowa, where he will be in charge of the Iowa state committee Oct. 22, 23 and 24.

### Trip for Palmer and Buckner.

Chicago, Oct. 6.—The anti-silver democratic campaign committee is laying out a trip for General Palmer and General Buckner in a special train. The nominees will go to Detroit, and then, after touring through Michigan, will go northwest.

## CROWDS GREET THE DEMOCRATIC NOMINEE.

**Gather At Nashville and Towns Along the Route—Four Speeches At Indianapolis Today—Four Through Iowa and Illinois Arranged—General Popocratic News Notes.**

Nashville, Tenn., Oct. 6.—A great crowd shouted and yelled, cheered and applauded and listened with marked attention to the triple nominee on his arrival. The train bearing the party rolled into the Nashville station at 8:35. Carriages were in waiting for the party, and Mr. Bryan was promptly driven to the Haymarket, where he delivered his first speech. The candidate was introduced by Senator Bate. He was cheered and applauded throughout his speech, and many times stopped by the enthusiasm of his listeners.

After concluding his Haymarket speech, Mr. Bryan was taken to the Athletic park, where he made a ten-minute address, and at the end he appealed to his audience to study the money question and to vote as they saw fit.

At the populist meeting, which Mr. Bryan addressed after his speeches at the Haymarket and Athletic park, he expressed his appreciation of the honor done him by the populist party, and also his gratification that the democrats and populists had been able to unite upon an electoral ticket in so many of the states.

Mr. Bryan left Nashville at midnight on the Louisville & Nashville for Louisville. In the morning he spoke at Jeffersonville, Ind., and during the day at other points, ending in the evening at Indianapolis, where he will address the citizens of that place.

When Mr. Bryan left Memphis there were a few hundred people gathered about the station to see him off, and when he made his way to his carriage he was repeatedly cheered. The first stop was at Arlington, and Mr. Bryan shook hands with a few of the hundreds who had assembled at the depot in the vain hope that they would hear him speak.

At Brownsville and Bells, Mr. Bryan told the people that the republicans asked for nothing but confidence, and that the republican party was playing a confidence game on the public, and discussed the silver question on the same general lines he had heretofore. Fully as large a crowd greeted the candidate at Humboldt as had welcomed him at Memphis. At McKenzie there was a crowd of several thousands. Camden was reached at 5:20, and the scene was but a repetition of those before Mr. Bryan spoke but a minute before the train pulled out.

### Will Go Through Iowa.

Des Moines, Iowa, Oct. 6.—Mr. Bryan will arrive in Burlington early Thursday morning and will make a speech at 10 o'clock to the semi-centennial people. It is barely possible that he will make one or two other speeches in Burlington. At 1:15 a special train waiting for him will take him out of Burlington north. A short stop will be made at Wapello. The train will reach Cedar Rapids at 3 o'clock. A speech will be made at this point. Marshalltown will be the next stop, it being reached about 7:30. The train will arrive in Sioux City during the night and a speech will be made by Mr. Bryan. At Hawarden Mr. Curry will leave Mr. Bryan and return to Des Moines. Mr. Bryan will then go to Sioux Falls, S. D.

### Bryan's Tour of Illinois.

Chicago, Oct. 6.—Chairman Bentley of the committee on speakers of the state silver committee made the announcement yesterday that Bryan would return to Illinois Oct. 21 and will remain in this state four days. He is scheduled to speak at Joliet, Elgin, Rockford, Freeport, Kewanee, Monmouth, Quincy, Jacksonville, Peoria, Bloomington, Decatur, Danville, Alton and Cairo. The itinerary for Gov. Altgeld will include only two of the cities where Bryan is to talk. He commences his tour Oct. 13 and is to speak at East St. Louis, Collinsville, Greenville, Vandalia, Effingham, Casey, Marshall, Robinson, Lawrenceville, Mount Carmel, Grayville, Carmi, Eldorado, Vienna, Mound City, Cairo, Jonesboro, Murphysboro, Ava, Sparta, Red Bud and Waterloo.

### In Indianapolis To-Day.

Indianapolis, Ind., Oct. 6.—The democrats have made great preparations for the Bryan meetings tomorrow. The democratic candidate is to speak four times, at 3 o'clock in the state house yard, an hour later in the court house yard, at 7:45 from the balcony of Tomlinson hall and once inside the hall to workingmen. Gov. Matthews will preside at the first meeting, Chairman Martin at the second, Mayor Taggart at the third and Chairman Rochford at the fourth.

### Fusion Plans Completed.

Springfield, Ill., Oct. 6.—Word has been received here by the people's party state committee that all of their candidates in the disputed districts, the 18th, the 19th and the 20th congressional districts, had sent in their resignations as candidates on the ticket. This is in accordance with the plan of fusion between the democrats and the populists of the state.

### TELEGRAPHERS CONFIDENT.

**Leaders at Winnipeg Hoping for Aid From the Trainmen.**

Winnipeg, Manitoba, Oct. 6.—The leaders of the telegraphers' strike at this point profess to be quite as confident of winning as ever. As a matter of fact, the impartial observer cannot help seeing that the strikers are gradually losing ground, and even those who favor the cause of the telegraphers predict that they will lose the battle unless the other trainmen, by a sympathetic strike, come to their rescue.

This is no doubt what the strike leaders are counting on. Everything depends on the conference at Montreal to-day. If the trainmen go out the chances are all in favor of the strikers winning, but if the company can induce the men in other departments of the service to remain at their posts the telegraphers will likely lose the day. Such a forecast is according to the best judgment of impartial observation of the situation.

### Celebration at Burlington, Iowa.

Burlington, Iowa, Oct. 6.—Monday was republican day of the Iowa semi-centennial celebration, and although the weather was cold the largest crowd ever seen in Burlington gathered to participate in the exercises. By 1 o'clock the crowd began to move out to the park where the exercises of the day were to take place. The Coliseum holds 10,000 people, and it was filled to its utmost capacity half an hour before the speaking began. At 2:30 o'clock John H. Gear introduced Senator-elect J. B. Foraker, the speaker of the day, who was greeted with deafening applause.

At night a big torchlight parade took place, participated in by marching clubs from all the towns around Burlington, in Iowa and Illinois. The city was brilliantly illuminated.

### No Politics in the Union.

Detroit, Mich., Oct. 7.—Delegate Samuel Gompers, in Monday evening's session of the Cigarmakers' International union offered a resolution declaring anew unreserved fealty to and faith in the trade-union form of organization as paramount to any other in the struggle for labor's amelioration and emancipation, and emphatically discountenancing the introduction of party politics into the union, as contrary to the best interests of the craft. After an animated discussion the resolution was enthusiastically adopted over the votes of a few socialists.

### Pastors Are Ill at Ease.

Freeport, Ill., Oct. 6.—There is a general feeling of anxiety among the Methodist ministers who are here attending the Rock River conference over the delay in announcing the appointments for the coming year. They fear wholesale changes, though they have no definite information in the matter. Another matter not yet disposed of is the redistricting of the conferences, and there are several reports that are not yet in, those of the most important committees and the board of stewards among them.

### Propose to Reduce Wages.

Millville, N. J., Oct. 6.—The action of the glass manufacturing firm of Whitall, Tatum & Co. in offering to start their flint furnaces at a wage reduction of 20 per cent of the list rate has created excitement in this locality such as has seldom been seen before. About 1,200 men are employed at the flint works, and an attempt to put non-union men in their places, it is feared, will cause trouble. It is hoped that a compromise may be agreed upon.

### Canadian Parliament Prorogued.

Ottawa, Ont., Oct. 6.—Owing to the uncertainty as to the hour which parliament was to close Monday there was a small attendance at the prorogation ceremonies in the senate chamber. The speech from the throne, delivered by Lord Aberdeen, was the shortest on record, and only contained the statement that an amicable settlement of the Manitoba school question would shortly be arrived at.

### Elections in Connecticut.

Hartford, Conn., Oct. 6.—The republicans have carried nearly every town in the state in the local elections held Monday. Lieut.-Gov. Cook, the republican candidate for governor, is exultant over the returns. The license people were generally victorious, and no large town has shifted on this issue from last year.

New York, Oct. 6.—William K. Vanderbilt was called for jury duty in the supreme court Monday, but did not respond. He sent a letter saying that he was not a resident of the city, and was therefore not subject to jury duty. The clerk announced that all who did not respond to the roll call would be fined \$50.

Des Moines, Iowa, Oct. 6.—The state board of election arbitration has decided that the Palmer democrats are entitled to use the appellation "national democratic" on the official ballots, thus ending a bitter controversy between the democratic party factions in this state.

### Watson Still in the Race.

Atlanta, Ga., Oct. 6.—Tom Watson made a campaign speech at Blue Ridge last night, addressing a gathering of about 1,000 populists. From what he had to say he left the impression that he would remain in the race to the end.

Indignant Laborer: "You say the two and a half dollars a day I average buy too much, eh? We shall see!" —New York Press.

### They Print This Honest Money Cartoon.

The Flip-Flop has cut another caper.

A prominent feature of this morning's issue, was the republican cartoon printed above, from the New York Press.

In the editorial column was a free silver editorial of the inflammatory type. The headlines were as follows:

### WAR WITH ENGLAND.

### BRITAIN TO COLLECT DEBTS AT MOUTH OF THE CANNON.

Significant Threats Uttered Against the United States By Gold Bug English Papers—The Cowardly Attitude of American Tories.

Under the score head was an article beginning as follows:

"Chicago, Ill., Oct. 3.—War with England is threatened by the American representatives of the English bond-holders and Shylocks, in the event that Bryan is elected. It is not an idle threat. The money power is desperate and will not surrender its clutch on the throats of the American people without a fight."

The Flip-Flop knows that talk about "England collecting interest at the mouth of the cannon" is an arrant nonsense. They know that England has never "collected interest" of the United States in that way, and that she never will. Yet they preach such stuff and tell their readers it is true.

Why they should print a republican cartoon—showing a workingman in the act of dashing Bryan's brains out on the anvil, for insisting that "wages buy too much"—on the same page, is a mystery, unless they wish to discredit their own free silver

Aldrich, for many years a resident of this vicinity, died at his home Wednesday evening of heart difficulty, at the age of seventy-four years. After milking his cow in the morning he complained of a severe pain in the region of the heart. Medical aid was summoned but he grew steadily worse until at nine o'clock in the evening death

## NEW CLUB FORMED FOR BUSINESS MEN

DINNERS TO BE GIVEN ONCE A MONTH.

"No Dues, No Assessments, No Treasury, No Dress Suits" Is the Way the Statement of Principles Puts It —First Meeting May Be Next Tuesday Night.

A week from tonight there is likely to be held the first dinner of a club that fills a niche long vacant in Janesville. It is to have many of the characteristics of the Sunset club of Chicago, and will provide a place where business and professional men—any clubbable man, for that matter—may eat and drink and talk about questions of current interest.

These are the principles of the club: No constitution, no by-laws, no formality. Speak your thoughts fully, but sincerely. No dress suits, no treasury, no assessments. Respect every man's opinion; weigh carefully his argument.

Eat, drink and be merry. For any speech or debate, members shall not be questioned in any other place.

Limit of speech ten minutes. The club will meet in the Myers House ordinary once a month at 6:30. Members are expected to go in business suits, to eat the dinner set before them and to poke a sharp stick at somebody who makes a speech.

The only limit on membership will be a numerical one, in order that the attendance at dinners may be estimated with reasonable closeness. The limit is likely to be thirty and it has been suggested that members be required to send notice whenever they will be unable to take their seats at the table. The price of the club dinner will be fifty cents a cover.

HUMAN BONES FOUND IN A BOX But a Medical Student's Appearance Spoiled Another "Good Story."

A box filled with human bones was discovered by William Eller between his blacksmith shop and Contractor J. G. Wray's carpenter shop, and for a time rumors of some cold blooded murder floated about the city. Chief of Police Acheson telephoned Health Officer Gibson to examine the bones, but when Dr. Gibson arrived the box had disappeared. Roseoe Whiffen was soon upon the spot in order to "bargain" for the "find." Then William Wray, another Janesville medical student, put in an appearance and said that he received the bones from a medical college in Chicago and had placed them in the box between the buildings for an "airing" thinking they would not be disturbed.

Thus was a sensation exploded.

### BRAVE SPIRITS BROKEN.

How often women wake up in the morning cheerful and happy, determined to do so much before the day ends, and yet:

Before the morning is very old, the dreadful BACKACHE appears, the brave spirit sinks back in affright; no matter how hard she struggles, the "clutch" is upon her, she falls upon the couch, crying: "Why should I suffer so? What can I do?"

Lydia E. Pinkham's "Vegetable Compound" will stop the torture and restore courage.

All such pains come from a deranged uterus. Trouble in the womb blots out the light of the sun at midday to a vast number of women.

## CAN YOU NOT HELP THE WORTHY POOR?

### FOLK SUFFER FOR WHAT YOU CANNOT USE.

Will Janesville People Let the Associated Charities Disband For Lack of Material To Carry On the Noble Work? Do Your Part At Once.

The Associated Charities may be forced to disband for lack of the wherewithal to continue.

Will Janesville people allow this to happen?

Have they ceased to "remember the poor?"

Have they forgotten that the "pinching frosts of winter" have already begun to cause discomfort and suffering to many worthy people?

Have they forgotten that this min-stering society has been the cause of many prayers of thankfulness when its agents drove the gaunt wolves from the very doors of Janesville homes?

Have they forgotten the tears of joy that have coursed down the cheeks made gaunt by hunger when relief was carried into some stricken home?

Let us hope not.

But at yesterday afternoon's meeting it was announced that the society had no supplies and was even in debt.

Under these circumstances, one of two things must happen.

The association must give up the fight, or the people must rally to the support of the association.

Which shall it be?

You are the judge.

Will you give clothing, food, or money?

Have you not something that you do not need, that you can contribute? Remember that this society investigates all cases reported, and only the worthy are aided.

Here is the remedy.

When a poor person comes to your door, seeking aid, send him to the Associated Charities. Then you will rest assured that you will not be imposed upon.

In the meantime, gather all your cast off clothing, shoes, bedding, etc., and send the collection to President W. G. Palmer, at Palmer & Bonesteel's drug store; or notify him, that he may come and get it.

Have your supplies reach Mr. Palmer before your "patient" does.

If you have not clothing, etc. to spare, send a few cents in change, or a basket of food.

All supplies can be used; and none are wasted.

Remember, when you sit down beside your own crackling fire, that others, less fortunate than yourself, are suffering for the want of the very things you have thrown away as useless.

Will you let them suffer rather go the trouble of gathering up your useless property, and telephoning No. 178—2?

For shame! Attend to it today—tonight.

All voters must register Tuesday and Wednesday, October 6 and 7.

## "RAINY DAY" MONEY.

Mr. Bryan may talk untill dooms-day but he cannot make people believe that wrong is right. Neither a government nor an individual has the right to destroy the property of a citizen. A policy that would compel the holder of a bank book from a savings institution to receive payment in dollars worth in the world's money market only half as much as those he had originally deposited is dishonest and infamous. If attempted by a bank it would send the officers of the concern to prison. If undertaken by a nation, it would condemn the government to the contempt and execration of mankind.

A policy that means a 50 per cent reduction in the value of the widow's bank deposit, the orphan's trust fund and the life insurance policy with which the thrifty wage earner makes some little provision for his wife and children is something that honest and men hard to justify.

Bryan as president of the United States might be different from Bryan, the stump speaker, but the people of our country are too wise to find that what actual experiment. They know what McKinley will be, and it is their idea of what a president ought to be.

The agitation for free silver engrosses the attention of the Hon. Hilary A. Herbert, secretary of the navy, who, in the North American Review for October, forcibly declares this to be of all others the chief cause "Why American Industry Languishes."

One of the political certainties of the year is that the next house of representatives will be republican, and there have been five presidential years in which the presidency did not go along with the majority of the house.

In arranging a meeting at which both Bryan and Tom Watson are expected to speak, the Chicago populists appear to be putting up a job on somebody.

There is little doubt that Tom Watson would be willing to place a few bets that McKinley will be elected, and give odds, too.

Bryan's passage has been engaged for his Salt River non-speaking tour, which begins November 3, shortly after sunset.

Bryan's candidate for governor of New York has no more show to win than Hill's candidate had.

Oracles Go Their Third Game. Baltimore, Md., Oct. 6.—The Orioles took their third straight game in the Temple cup series from the Spiders Monday afternoon by dint of brilliant playing, both at the bat and in the field, together with a bit of good luck here and there. The game was close until the eighth inning, when four hits, an error and some good base-running, gave the champions three runs and put the result beyond doubt. The feature of the game was the brilliant outfield work of both teams, every man greedily accepting all chances and making the plays in fine style. The only exception was a poor throw by Burkett, which allowed Hoffer to score in the third. Score:  
Baltimore.....0 1 1 0 1 0 3 0—6  
Cleveland.....0 0 1 0 1 0 0 0—2

## Krugers Big Demand.

London, Oct. 6.—President Kruger's "war budget" is causing some uneasiness. In the estimates of the South African republic for the current year he demands nearly £1,000,000 for arms and ammunition and over £500,000 for "special services." The question is asked again, whom is this vast expenditure, seventeen-fold more than last year's requirements, directed. The solution suggested in Cape Town is that the President meditates some coup of his own in conjunction with Boer sympathizers in the Orange Free State and at the cape.

## Cloaks at 25c.

Sale Begins Oct. 6, Tuesday, Lasts 5 Days.

Many women who have children to dress, may be puzzled to know how they are going to get new Cloaks for them this winter. There's Mary, her last winter's Cloak has air holes at the elbows and looks very shabby. And Lizzie's Cloak is much too small for her now. Mother sighs, and thinks about all the things required to take the family through the long winter, thinks about the small allowance they have to live on, and thinks and thinks.

## The Scene Brightens...

We are going to have a sale of chesnut Cloaks. We do not hold these garments up as being the latest styles; we do claim, but you'll discover it quick enough, that they are warm, heavy Cloaks, and will put prices so low that it will pay to buy them to make over. They won't all be made over. Many women will be glad to get them to wear just as they are. We will arrange them on our second floor and have them all marked in plain figures. Some of them were bought in 1893, some in 1894, and many of the best of them in 1895, only last winter.

75 will go at 50c.

## Making It Fresh

"This here piece in the paper makes use of the word 'superfluity' several times," remarked the man who was sitting on the empty shoe box. "Now what do ye take superfluity to be?"

"I dunno's I kin exactly tell it," answered the man with twine suspenders. "But I sense it all right enough."

"Kin ye illustrate it?"

"Al' yes. I reckon I kin. Superfluity is a good deal the same thing ez a feller's wearin' a necktie when he's got a full beard."—Washington Star.

## A CYNIC'S WILL.

Made Use of the Last Chance to Express His Opinion.

Last summer, while Judge Carpenter was spending a vacation up in the country he had occasion to look at some records and his attention was directed to a whimsical will. He arranged for a copy of it as a literary curiosity and it came to hand this morning, says the Detroit Journal.

The testamentary clauses of the document are as follows:

"I, William Darling of Grantness, in the township of —, county and district of —, Western Canada, esquire, being in sound health of body and my mind just as usual, which my friends who flatter me say is no great shakes at the best of times, do make this my last will and testament as follows, revoking, of course, all former wills:

"I leave the property of Grantness and all other landed property I may die possessed of to my sister Ellen — and Betsy Darling, the former because she is married to a minister whom (God help him) she henpecks, latter because she is married to nobody, nor is she likely to be, for she is a old maid, and not market ripe.

"Also I leave to them and their heirs my share of the stock and implements on the farm, provided, that the leisure around my brother's grave be observed. And if either should die with issue, then the other inherits the whole.

"I leave my silver tankard to the eldest son of old James, as the representative of a family. I would have left it to old James himself but he would melt it down and make temperance medals and that would be a sacrilege. However, I leave him my big horn snuff-box. He can only make temperance horns of that.

"I leave my sister Jessie my bible and when she kneels as much of the spirit of it as she wishes of the letter she will be another wise Christian than she is.

"I leave my late beer's watch to my brother, Jerry, existing him at the same time to give Whiggery, Radicalism and all other ills that do most easily beset him.

"I leave my brother Andy my big silver snuff-box, as I am armed he is rather a decent Christian with a bag belly and a jolly face.

"I leave Parson — the box I got from the militia, as a token of my gratitude for the service that no man's family in taking a soldier to the end of the Carson a silver snuff-box, as I am armed he is rather a decent Christian with a bag belly and a jolly face.

"I give my silver cup, with a reign in it, to my sister Jane, because she is an old maid and pious, also, my grand old snuff-box, as it is decent to see an old woman taking snuff."

## BILIOUS PILLIOUSNESS.

WHY SOME BILIOUS PEOPLE TAKE PILLS AND OTHERS DON'T.

Biliousness is much misunderstood. So many people have it, that 'tis worth understanding, the more so as it is easy enough, if you begin right.

Liver secretes a fluid called bile. Bile goes to the intestines, where it performs important work in digestion. Sometimes bile passages in liver get clogged. This is biliousness.

"Pilliousness" is the idea that by taking a pill which stimulates the liver, we may cure biliousness. It is only an idea.

Pill-taking relieves but does not cure it. The cure can only come through the stomach.

Why? Biliousness is caused by the poison of undigested food irritating the liver. To cure biliousness these poisons must be got out of the stomach. The only sure way to do this is with Shaker Digestive Cordial.

Shaker Digestive Cordial is a pleasant, tonic aid to digestion, prepared from roots, herbs and wine by the Shakers of Mount Lebanon. It helps the stomach to digest its food, and sweeps out of the system all dangerous poisons. In this way it cures biliousness, headache, nausea, dizziness, bad taste, stomach-ache, fever, flatulence, constipation, loss of appetite, etc., when other remedies only give temporary relief.

All druggists. Ten cents for a trial bottle. Write for interesting book to The Shakers, 30 Reade Street, New York.

## EVERY DAY HINTS!

For Every Day People.

You may have delayed the purchase of the much needed stove, but surely if you are going to get one this year you want one right away. Let us suggest to you

A Garland, A Peninsular, or A Radiant Home.

All of them are the best made. More Garlands in use in the city than any other make; they do the work in the cold weather and have points no other stove contains. A business man here in town bought a large size Radiant Home of us the other day and said he wouldn't use any other make when he could buy the Radiant Home---it heated better and burned less fuel than other stoves. 'Tis a fact that all three stoves handled by us are best and most economical.

Trade is becoming more and more active every day in our

Shoe Department.

It's a favorite buying place for ladies and men because they get the best of shoes cheaper of us than at other stores. We shoe everybody at a saving of from \$1 to \$2 a pair. New fall goods are here and coming almost every day.

ing utensils. Sets of dishes, pretty single pieces and elegant imported ware we sell much of A new importation of china and

glassware direct from Germany, France and Austria just received. Small prices for them.

It's remarkable the amount of working men's Shoes, Jackets, Pants, Shirts, Hose, Overalls and Underwear we sell, all because the qualities are best and the prices lowest at the big cash store.

## Forgery Is a Felony...

Practically it is obtaining money under false pretenses. A man writes your name in correct imitation of the way you write it. The bank teller is deceived---and a crime is committed.

## Quality Can be Forged.

---Not as a legal crime but as a moral one---and it is not a shrewd bank teller who is misled, but an unsuspecting customer.

Take boys' clothing for instance. People have been almost made to believe that they could get a good suit for a dollar or two. Of course it isn't so. Of course it's forgery. Ours are genuine in every way---genuine in fashion, fit and fabric.

### Take Our \$5 Suits.

They are made from the best of cheviots and worsteds, well lined, good style, and everything about them to make the boy pleased with his new suit, and his parents glad they bought of us.
